**“I’m here to fight for everyone in the same boat...
We’re just asking for fair wages and working
conditions.”**

For 16 years, E.J. Russell has worked hard in a fiberboard factory, providing a comfortable life for his family. However, facing broken promises about bonuses and rising health insurance premiums, E.J. and his coworkers voted in 2008 to form a union. Management responded by closing the plant for a month and re-hiring just half of the workers when it re-opened. Working longer shifts, employees in the understaffed factory are much less safe than before, while management has stalled contract negotiations for more than a year. The Employee Free Choice Act would ensure a timeline for contracts, helping E.J. and his coworkers achieve the respect and security they deserve.

IT’S TIME FOR CONGRESS TO PASS THE EMPLOYEE FREE CHOICE ACT

**Call Senators Snowe and
Collins at 866-632-4160.**

Tell them that you believe the economy should work for everyone, and that it is time to pass the Employee Free Choice Act.

The Employee Free Choice Act will help level the playing field by making it easier for workers to choose to form a union to bargain with their employers for better wages, health care and job security. The commonsense legislation will also help employees secure a contract in a reasonable period of time and toughen penalties against employers who violate the law.
